The Queensland Government is delivering a new state secondary college for inner city Brisbane, which will open to Year 7 students for Term 1, 2020.

The Fortitude Valley State Secondary College (SSC) will increase state secondary schooling capacity in the inner city school network to help accommodate sustained population growth in inner Brisbane.

**Project update**

The school is being constructed on the corner of Brookes Street and St Pauls Terrace. Hutchinson Builders are delivering Stage 1 of the new Fortitude Valley SSC.

The Brookes Street Precinct will open for Year 7 students for Term 1, 2020. This includes the learning centre, performing arts building and green space areas. The St Pauls Terrace Precinct will open during 2020 and includes the junior learning building.
A new State Secondary College for Fortitude Valley

How to enrol

The local catchment for the school was finalised in May 2019 after community consultation. Download the catchment map or use the interactive web map to find out if your property is within the catchment on Building Education website at: qld.gov.au/buildingeducation

The school is now accepting enrolments for Year 7 students in the foundation year. To enrol your child at the school, parents and caregivers are encouraged to email the Enrolments Officer at info@fortitudevalleyss.eq.edu.au or telephone the school on 3016 8888.

Enrolments for students in other year levels can only be accepted in the year prior to their commencement at the school.
