Information for the health professional

- Students who are sick at the time of **external assessment** may request the submission of an illness and misadventure application if they are unable to attend assessment, or if they attend and feel that their performance was adversely affected by illness or misadventure.
- Approval of illness and misadventure requires strong supporting evidence. Medical information provided must be more detailed than a certificate stating that a student has a medical condition and is unfit for duty.
- **Note:** External assessment cannot be rescheduled. Students should attend if they are well enough to do so and there is no risk to others. A late application for AARA can be considered — if AARA can address the functional impacts of the condition to enable the student to participate on the same basis as other students (e.g. use of a computer for a student with an injury affecting handwriting; rest breaks for a student who is unable to sit for extended periods of time).

About this report

Access Arrangements and Reasonable Adjustments (AARA)

Some students may have disability, impairment and/or medical conditions, or experience other circumstances that may be a barrier to their performance in assessment. Access arrangements and reasonable adjustments (AARA) are designed to assist these students. For more information, visit www.qcaa.qld.edu.au/senior/assessment/aara.

Illness and misadventure

Students may also experience unforeseen circumstances that may be a barrier to their performance in assessment, such as a significant deterioration of an existing medical condition, or experiencing a natural disaster, accident or significant cultural obligation. These students may be eligible for illness and misadventure adjustments.
