

Investing for Success

Under this agreement for 2021
Fortitude Vally State Secondary College will receive

\$79 812*

This funding will be used to

- Contribute towards the cost of engaging a full-time Systems Administrator to support digital platforms across the college.

Our initiatives include

Initiatives/Strategies	Cost
<p>The employment of the Systems Administrator will enhance teaching and learning by:</p> <ul style="list-style-type: none"> Supporting Whole school alignment to the <i>FVSSC Learning Design and Signature Practices</i> including use of flexible spaces and technology (1-1 iPad school) Developing high levels of staff confidence and competence in engaging with digital technology Providing all staff with regular iPad and ICT professional learning Providing all community members (such as parents and other learning partners) with regular iPad and ICT training Support for staff and community to access, maintain and embed digital platforms across the college Research and advice for Executive Leadership about digital ways of working to streamline processes, communication strategies and protocols. Enhancing learning opportunities through networked partnerships including (Apple, Microsoft, Szymie, Compass, School-based digital platforms) Supporting staff in the DoE approved trials for iPads as CFT, Microsoft Teams and other applications. 	\$79 812
TOTAL	\$79 812

Our school will improve student outcomes by

- Whole school alignment to the *FVSSC Learning Design and Signature Practices* including use of flexible space (such as online classrooms) and technology.
- Consistent data practices mapping data types across all learner groups and sharing when appropriate with the community by leveraging digital capability.
- Utilisation of expert ICT skills to create a School-wide culture of continuous professional improvement in digital practices.
 - This will be evident as:
 - All staff will be comfortable in modifying their practices to meet the individual needs of their classrooms
 - Students will feel that their needs are being met in every classroom
 - Learner Progression Plan will be established for each student and regularly reviewed and shared with parents and carers
- Development of school culture centered on six houses, which will build and maintain positive and caring relationships between staff, students and parents, supported by stream-lined digital communication.
